

Capri Key Features

- ❖ Heavy duty commercial parasol
- ❖ Size range 3m to 4m
- ❖ A double strut system is used to support the main spokes, which increases the strength of this parasol
- ❖ Mast diameter 100mm
- ❖ Mast and frame powder coated white. Optional Anthracite finish
- ❖ Spokes are 40mm x 20mm
- ❖ A clever control rod is used to open and close the canopy
- ❖ Telescopic system, allowing closure over tables
- ❖ European solution-dyed acrylic fabrics are used for the membranes
- ❖ Optional LED lighting along the corner spokes
- ❖ Heaters may be used with this model, but may have to be removed prior to closing the canopy
