

ALBATROS

Giant Commercial Parasol

A monumental commercial parasol engineered to provide extensive, comfortable coverage across large hospitality terraces.

UP TO 10 METRES

Exceptional canopy scale

100mm MAST

Substantial aluminium support

HEAT & LIGHT

Fully integrated options

SCALE & COMMERCIAL STRENGTH

- Giant commercial parasol available in an extensive range of shapes and sizes, with canopies up to 10 metres
- Heavy-duty construction developed for large hospitality terraces and demanding commercial environments
- Substantial 100mm diameter aluminium mast and reinforced frame provide exceptional structural strength
- High-grade, corrosion-resistant materials ensure reliable long-term outdoor performance

ENGINEERING & OPERATION

- Reinforced, spring-loaded spokes keep the canopy fabric correctly tensioned and prolong its working life
- Stainless-steel fittings are used throughout for strength, durability and weather resistance
- Removable crank handle provides smooth, straightforward opening and closing
- Telescopic system enables the parasol to close above standard-height tables and furniture

FABRIC & ACCESSORIES

- Water-repellent, highly UV-resistant solution-dyed acrylic fabrics, available in a wide choice of colours
- Optional fire-retardant PVC fabrics for locations with specific safety requirements
- Fully integrated infrared heaters and LED lighting extend the use of terraces into cooler evenings
- Optional accessories include linking gutters, side curtains, protective covers, printing and bespoke branding

EXPERT PROJECT SUPPORT

Morton Parasols can advise on specification, configuration, installation and suitable optional equipment for the intended location.
