

BORDEAUX

Cantilever Parasol

A heavy-duty cantilever parasol offering rotational and optional tilting control for demanding commercial and residential terraces.

360° ROTATION
Flexible shade positioning

2–4.5 METRES
Broad canopy range

AROUND 70 COLOURS
Exceptional fabric choice

COMMERCIAL CONSTRUCTION

- Heavy-duty cantilever parasol designed for demanding commercial and residential environments
- Offset mast keeps the shaded area clear and provides greater flexibility for positioning furniture
- Durable powder-coated steel mast combined with strong aluminium canopy spokes
- Rotates through 360 degrees, allowing the shade position to be adjusted throughout the day

SHADE & OPERATION

- Optional tilting canopy provides additional protection when the sun is lower
- Heavy-duty crank handle ensures smooth and straightforward canopy operation
- Available in square, rectangular and octagonal canopy shapes
- Wide selection of sizes from 2 to 4.5 metres

CANOPY & INSTALLATION

- Choice of single-air-vent or distinctive multi-air-vent canopy designs
- Premium European solution-dyed acrylic fabric provides excellent resistance to UV exposure
- Approximately 70 fabric colours and a selection of powder-coated frame finishes are available
- Optional double-canopy configuration and wall-mounted installation provide further layout flexibility
